

Farm Fables

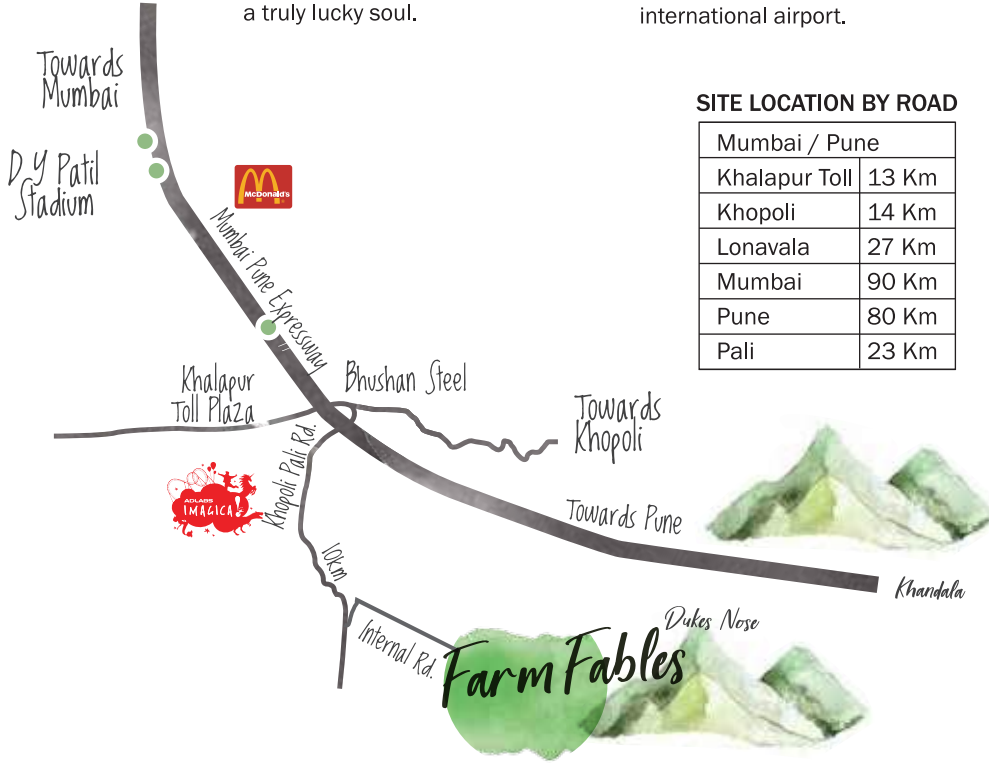

LISTEN TO NATURE

Paradise is just a drive away.

What your soul truly needs is to relax, de-stress and rejuvenate after a mad week of working in the city. If that can happen in the middle of nature, surrounded by lush hills and a beautiful river view, on your own farm plot, you must be a truly lucky soul.

Own a plot here, and you can drive down whenever your heart desires, because it's just a few hours from Mumbai. And only 1 hour drive from the proposed international airport.
